

# Anti-Fog Lens Cloth

*You can see clear now. The fog is gone!*

Never compromise your vision.

The Nikon Anti-Fog Lens Cloth helps you keep your lenses clear of fog accumulation.

Always keep your visual clarity, even when wearing a face mask.

## BENEFITS

- 1 Prevent fog accumulation on lenses for **UP TO 12 HOURS** while maintaining Nikon's coating benefits (tested under normal wearing conditions).
- 2 Durable Anti-Fog Lens Cloth lasts up to **12 MONTHS**.
- 3 **IMMEDIATE EFFECT!** No wait-time for the anti-fog formula to start working.
- 4 **EASY TO USE!** Wash and dry lenses, rub Anti-Fog Cloth on lenses & **GO**.

## HOW DOES IT WORK?

- 1 The lenses must first be cleaned with a regular lens cloth or lukewarm water with a gentle soap, make sure to properly dry the lenses.
- 2 Then, applying a certain pressure on the lenses, evenly wipe the clean and dry lenses with the Anti-Fog Lens Cloth.
- 3 You can blow on the lenses to see if the fog sticks or not, to know if you have wiped them properly. If the fog still clings to the lens, wipe them again.
- 4 It is important to keep the cloth in its zipper plastic sleeve. **DO NOT WASH THE ANTI-FOG LENS CLOTH.**

## FREQUENTLY ASKED QUESTIONS

### Q1: Will it prevent my lenses from fogging up completely?

The lens cloth will significantly reduce fogging on lenses. Various factors can influence the performance of the cloth such as weather conditions, temperature, humidity level, fit of the frames, and position of the mask.

### Q2: What is the cloth made of?

The cloth is made of the regular cleaning cloth material and is imbued with the anti-fog substance.

### Q3: How long does the cloth last?

The lens cloth is good for 12 months and must be kept in its zipper plastic sleeve.

### Q4: After wiping, how long does the effect last?

The effect lasts 12 hours, unless you need to wash the glasses, then you must wipe again.

### Q5: How many times can I use the cloth?

The cloth can be used for 300 activations.

### Q6: When do I use the cloth?

We recommend using the cloth for when you have to wear a mask.

### Q7: Does it leave a greasy film on the lenses?

No, it doesn't leave any residue.

### Q8: Can I wash the Anti-Fog Lens Cloth?

No.

### Q9: Is the Anti-Fog Lens Cloth reimbursable?

The Anti-Fog Lens Cloth is not reimbursable or exchangeable.
